## **Media Advisory: Update Session on Garrison Dam Turbine Project Scheduled for Aug. 23**

The U.S. Army Corps of Engineers will conduct an informative session for the media at the Garrison Dam Power Plant on Friday, Aug. 23 from 1 to 3 p.m. The purpose of the session is to give an update on the Garrison Major Rehabilitation project, which involves replacement of hydroelectric power-producing turbines. Site work began in October 2000.

Garrison Project Engineer Dale Evenson will provide an overview briefing at 1 p.m. followed by a question and answer session. Photographers and videographers will have an opportunity to shoot photos and videotape the construction area from the upper lobby observation room.

For more information, contact Project Engineer Dale Evenson at (701) 654-7565.
